

Analysis of Financial Information

Course Overview

You can blend financial knowledge with strategy!

Strategic business planning requires a solid understanding of financials. In a leadership role you need to be able to bring that financial and non-financial expertise to the table. If you feel that an update or injection of financial expertise might enhance these skills, this is the course for you.

Level: 5 **Fee:** \$642.60 **Weekly Hours:** 15 **Credits:** 15 **Weeks:** 9
